PROFESSIONAL SUMMARY

I am a software engineer with over five years of hands-on experience building modern web applications using React, Node.js, Next.js, and Remix.js. I have successfully delivered more than 10 projects, each sharpening my expertise in creating sleek, efficient, and scalable solutions. My work reflects a balance of technical precision and creative problem-solving, allowing me to approach complex challenges with confidence. Backed by a degree in Computer Engineering from Addis Ababa Institute of Technology, I combine strong academic foundations with practical industry experience to consistently deliver high-quality applications.
